your song in a professional
recording studio

"WE HAVE A PACKAGE TO SUIT ALL ABILITIES"

JUST £199
including 3 souvenir CD's

You bring the words or just a few ideas and we will write the music and shape the lyrics for your perfect song. This unique and memorable experience includes full preproduction of the song. Working together with our in house team we will explore different melodies, tempo and song structures to create the perfect backing for your song. Our producer will then enhance your performance and mix the track to CD. The four hour session costs just £199 including 3 souvenir CD's to take home or give as gifts to family and friends. For extra support please feel free to bring up to six guests or band members. Can be tailored to fit all skill levels from beginners to accomplished musicians.
